

17th International Life Science Meeting- VIRTUAL
University of Applied Sciences KREMS
Institute of Biotechnology

26th of May 16:00 – 19:00

"Transition from KREMS Biotech Master Studies into Pharmaceutical Industry and International PhD Programs "

Program:

- 16:00 Double Degree LIU-IMC: Perspectives and Opportunities of Exchange
Jordi Altimiras, Program Director "Experimental and Medical Biosciences"
Linköping University, Sweden
- 16:20 „From Chemistry to Biomedical Science - my Journey “
Isabeau Lüdecke, PhD Student in Bioengineering and Catalysis at University of Edinburgh
- 16:40 “My Journey from a Lab Scientist to a Regulatory Affairs Manager”
Sandra Lipitz, Regulatory Affairs Manager, ARAC Regulatory Affairs
- 17:00 “From IMC to Cambridge, back to IMC and Big Pharma and Finally to Cambridge”
Patrick Rericha, PhD Student Program Stem Cell Biology, University of Cambridge
- BREAK
- 17:30 “The Role of Telomerase in Alleviating Replication Stress”
Sabine Meessen, PhD University Ulm, Postdoc University Heidelberg
- 17:50 From IMC KREMS to California Pacific Medical Center and Finally to Big Pharma
Caroline Garger, Deputy Head of Unit Production bei Boehringer Ingelheim
- 18:10 "From the IMC KREMS to the forefront of the Covid19 pandemic "
Clara Märk, Manufacturing Scientist, Lonza, Visp, Switzerland
- 18:30-19:00: **Round Table Discussion: Career Opportunities in the Field of Bioetchnology**
Jordi Altimiras, Isabeau Lüdecke, Sandra Lipitz, Patrick Rericha, Sabine Meessen, Caroline Garger, Clara Märk, Barbara Entler and Harald Hundsberger
